Summary

MP-941 control decals for GM and Wendy's units are no longer available from our supplier, they are:

- P/N 52695 – MP-941 GM
- P/N 51463 – MP-941 Wendy's

With the 941 decals no longer available, we are going to substitute with the 942, and then 943, and finally 944 versions of the decal. *These decals will have extra buttons displaying on the decal, but they will not be functional on a 941 unit.* We will exhaust our supply of the 942 decal first, then move to the 943, and then 944 as required. As an example:

- For GM, P/N 52695 - 941 will be replaced by 52696 – 942 first, then 52697 – 943 if needed, then 52698 – 944.
- For Wendy's, P/N 51463 – 941 will be replaced by 51560 – 942 first, then 51561 – 943 if needed, then 51464 – 944.
